1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Steve S. Cha on 12 February 2007.

The application has been amended as follows:

2. The following is an examiner's statement of reasons for allowance: The closest prior art is BudAbbud (U.S. Patent Application 2003/0063847 A1) and Bodeep et al. (U.S. Patent 5,822,102). However, the prior art fails to teach, or render obvious, the limitation "combining a baseband communication signal received from the OLT with the modulated broadcasting signals", together with other limitations, as recited in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shi K. Li whose telephone number is 571 272-3031. The examiner can normally be reached on Monday-Friday (8:30 a.m. - 5:00 p.m.).
